Seerah of the Prophet ﷺ

Lineage of the Prophet ﷺ

1. Mostly, the Arabs are divided into two broad categories:
   اَلْبَائِدَة: Those who were perished like: 'Aad (lived in the northern part of Hadramout, Yemen), Thamud, Amalkites etc.
   اَلْبَاقِيَة
   a. **Adnan (from the lineage of Ismael) are Arabized Arabs**, who came in the Arab land and settled there.
   b. اَلْعَارِبَة **(from the lineage of Ya'rub ibn Yashjo ibn Qahtan, Qahtani)**, mostly in the southern Arabia like Yemen, Himyar etc. They are considered to be pure Arabs from the lineage of Ya'rub.
      i. They mostly lived in Yemen. Out of these, two tribes were famous: **Himyar and Kahlan**. Famous from Kahlan are: Tai', Kindah, Aws & Khazraj.
      ii. Kahlan left Yemen due to failure in trade but Himyar remained in Yemen.

   The term عرب المستعربة is used for the Arabized Arabs and are considered to be the descendants of Ismaeel عليه السلام
2. Lineage of the Prophet ﷺ can be divided into three categories:
   a. From Prophet ﷺ to Adnan is agreed upon,
   b. From Adnan to Ibraheem various disagreements (obviously, we are not certain),
   c. From Ibraheem to Adam, we don't know for sure.
3. **Virtues** of the lineage of the Prophet ﷺ
   a. **Best of the generations:**
      i. He himself informed us.

Allah's Messenger (ﷺ) said, "I have been sent (as an Apostle) in the best of all the generations of Adam's offspring since their Creation." (Bukhari: 3557)

      ii. When Heraclius, the Roman emperor, asked Abu Sufyan questions relating to the qualities of the Prophet (SAAS), he wanted to know how good his lineage was in his people. Abu Sufyan replied, "He does indeed have good lineage in us."
      iii. His progeny continued through legal marriages all the way from Adam to him ﷺ
      iv.
   b. From which tribes Allah chose the Prophet ﷺ

Wathila b. al-Asqa' reported:
I heard Allah's Messenger (ﷺ) as saying: Verily Allah granted eminence to Kinana from amongst the descendants of Isma'il, and he granted eminence to the Quraish amongst Kinana, and he granted eminence to Banu Hashim amonsgst the Quraish, and he granted me eminence from the tribe of Banu Hashim.
(Muslim: 2276)

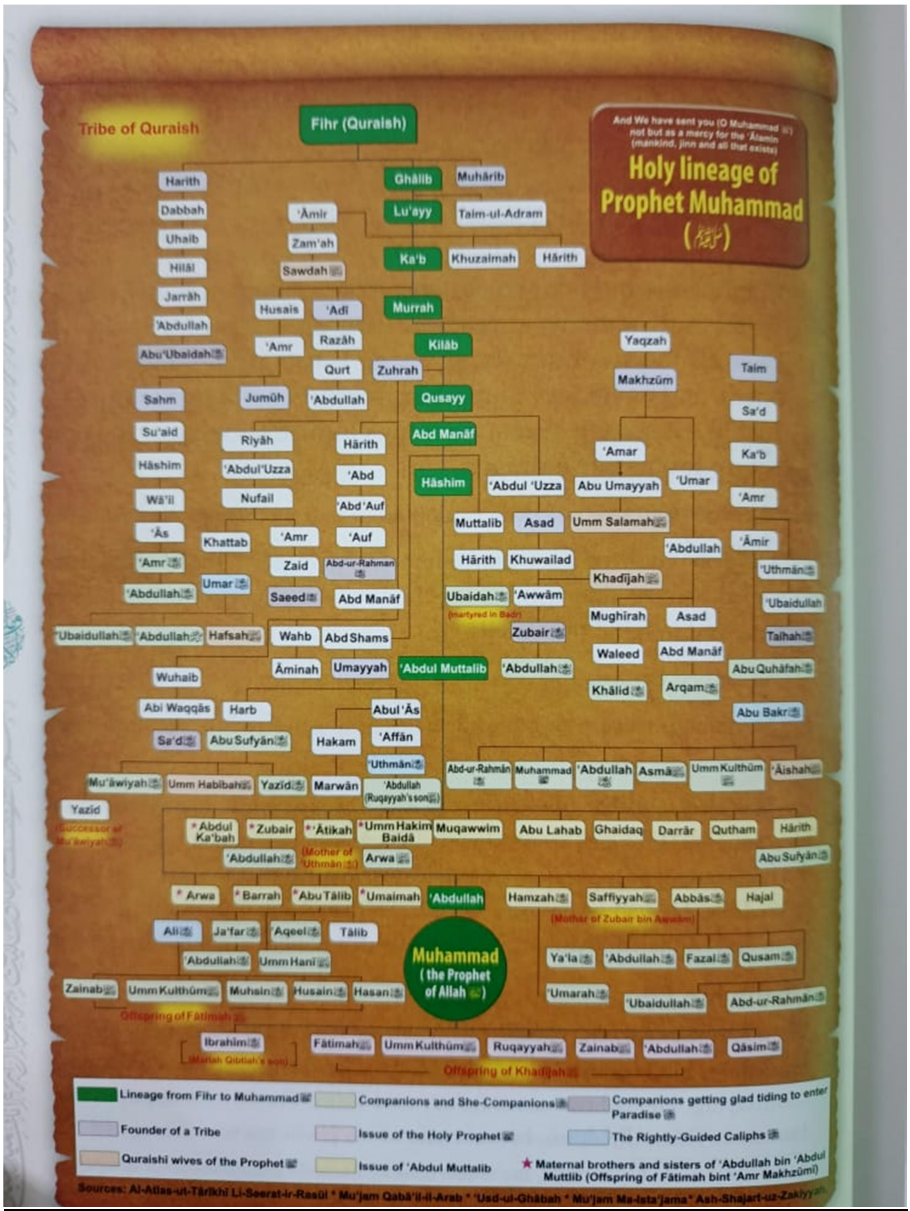

4. He had six paternal aunts and nine, ten or tweleve uncles.

5. He had no maternal uncles and aunts as Aminah was the only daughter of her parents.
6. All the people of Quraish were related to the Prophet ﷺ in one way or the other as narrated by Ibn-e-Abbas in the tafseer of the verse:

قُل لَّآ أَسْـَٔلُكُمْ عَلَيْهِ أَجْرًا إِلَّا ٱلْمَوَدَّةَ فِى ٱلْقُرْبَىٰ

Say, ˹O Prophet,˺ "I do not ask you for a reward for this ˹message˺—only honour for ˹our˺ kinship."

(40:23)

Seerah of the Prophet ﷺ

Important Forefathers of the Prophet ﷺ

1. **Ismaeel عليه السلام:**
    a. Married to the daughter of Mudar bin Amr, from the tribe of Jurhum (Qahtani Arabs, southern Arabs).
    b. He had tweleve sons and they all spread throughout the Arabian Peninsula. Except for two sons Nabet and Qidar, we don't have record of the rest of his progeny.
    c. The Nabeteans made government in the north of Hijaz. It was ended by the Roman Empire.
    d. Qidar remained in Makkah and from his progeny came Adnan. Prophet ﷺ would take the ancestry back to Adnan and would stop there, saying that the genealogists lie.
    e. After Ismaeel, the maternal father of Qidar took hold of Makkah and this is how Jurhum got control over Makkah.
    f. With time, the Jurhum starting exploiting the pilgrims as they were having economic difficulties. So, the Adnanides along with Khuza'a, in the **second century CE** managed to take them out of Makkah. However, Khuza'a (Qahtani arabs, pure arabs) were able to monopolize the rulership over Makkah with very few rights handed over to Adnanides.
2. **Qusai bin Kilab**
    a. It was Qusai who first got the complete rulership over Makkah in 440CE as he got married to the daughter of the leader of Makkah (belonging to Khuza'a, a Qahtani tribe). After the death of his father in law, he took on Makkah and this is how Quraish got its reputation. Some of the notable works of Qusai were:
        i. **Formation of an-Nadwa** (at the north of Ka'bah), where consultation regarding important matters was done and marriage contracts were announced.
        ii. The **liwa (banner of the army)** belonged to him and he would act as the chief of army.
        iii. No **caravan** could leave without his authority and under his or his sons' leadership.
        iv. **Doorkeeping** of al-Ka'bah: Only one eligible to open its gate.
        v. Giving **water to the pilgrims.**
        vi. Giving **food to the pilgrims** and imposed tax on the Makkans for this purpose.
3. **Hashim:**
    a. His name was 'Amr bin Abd Manaf.
    b. He was given the name "Hashim" as he was the first one to crumble the bread in broth for the pilgrims.
    c. He would entertain pilgrimages each year.
    d. He initiated the two journeys, in the winter to Yemen and in the summer to Syria.
    e. Married to Salmah bint Amr bin Zaid Najjariyyah (from the tribe of Khazraj) and they had the son named Shaibah.
    f. Died on his way back to Makkah from Syria in Ghazza from a trade journey, while his wife and son remained in Yathrib for around 7 years.
